WESTSTAR GETS QE/5S CERTIFICATION

First aviation company in Malaysia to achieve required high standards

KUALA LUMPUR

WESTSTAR Aviation Services, a leader in offshore helicopter operation, continues to make impressive headways in the industry when it receives the national certificate of QE/5S from the Malaysia Productivity Corp (MPC).

The certificate was presented by

MPC deputy director general of quality and excellence Abdul Rahim Yusof to Weststar Aviation chief operating officer Wan Hssmar Azim Wan Hassan during the award appreciation ceremony at Weststar Kota Bharu base yesterday.

Wan Hasmar said Weststar Aviation was the first aviation company to achieve the prestigious QE/5S certification.

Malaysia Productivity Corp (MPC) deputy director-general of quality and excellence Abdul Rahim Yusof (second from left) presenting the QE/5S certificate to Weststar Aviation Services' chief operating officer Wan Hasmar Azim Wan Hassan at the Weststar Aviation appreciation ceremony held at the company's base in Kota Bharu yesterday.

"Weststar Aviation's strong commitment is not only about meeting the standards of QE/5S, but going above and beyond as far as safety and quality are concerned."

He said this had certainly taken the company's safety and quality standards to yet another level with greater trust from our clients and business partners with a new pos-

itive culture in eliminating accidents and incidents.

Weststar Aviation has plans to get its Kerteh and Kota Kinabalu bases to be QE/5S certified this year.

The company has served various reputable domestic and multinational oil and gas clients since its inception in 2008.

Over the years, the trajectory has

elevated Weststar Aviation as the largest offshore helicopter operator in Southeast Asia with operations that span across Malaysia, Thailand and Indonesia.

Possessing a mix of wide-ranging state-of-the-art helicopter fleet, the aviation services provider operates 26 AgustaWestland helicopters to carry out its offshore missions.
